The International Gynecologic Cancer Society (IGCS) Council extends this invitation to you to become an integral part of conversations about the study, education, and treatment of gynecologic malignancies, to improve the outcome and quality of life of women suffering from gynecologic cancers worldwide.

THE PARTNERSHIP
IGCS is committed to providing meaningful conversations, support and leadership with our industry partners. This unique setting will offer you the opportunity to engage with and gain access to well-known experts, investigators and key international opinion leaders in the field of gynecologic oncology. Their perspectives will be of value to you as you further advance your strategic initiatives and our joint partnership will ultimately contribute to optimize treatment of gynecologic malignancies.

Conversations in the Partner Roundtable program are conducted in a format that allows for open discussion and problem-solving in areas of mutual interest, current trends and future topics in gynecologic oncology, along with specific issues as identified by our joint partnership.

THE IMPACT
The Partner Roundtable program illustrates our commitment to our colleagues in industry and the desire of the IGCS community to collaborate in ways that will allow all of us to successfully advance our common missions. The benefits of creating such a roundtable include the diversity of opinion and broad international representation and experience unique to the IGCS. We are confident that these strategic conversations will lead to novel options and development opportunities to improve the treatments and care available to women with gynecologic cancers around the globe.

PROGRAM BENEFITS
Collaborative Meetings:
- IGCS will arrange two in-person meetings two hours in length and two sixty-minute conference calls between you and IGCS thought leaders to address predetermined agenda items of your choosing and key issues of mutual interest.
- Invitation to bring items of interest to the IGCS CEO and Executive Committee’s attention throughout the year.

Additional Benefits of Roundtable Program
- Special recognition on the IGCS website as a member of the Partner Roundtable with your logo and link to your corporate home page.
- Acknowledgement of participation in the Partner Roundtable at all IGCS activities.
- Inclusion in the IGCS distribution list to receive the IGCS News, Presidential Messages, CEO Updates and other communications from IGCS.
- Visual signage for in-booth display at the IGCS Biennial Meetings.
- Ribbons for your booth staff recognizing your membership in the Partner Roundtable.
- Two complimentary registrations to the IGCS Biennial Meeting, and your corporate logo displayed at the IGCS Booth.

Membership in the IGCS Partner Roundtable is $100,000 annually.

OUR FIRST CONVERSATION
To get the conversation started, forge partnerships that lead to high-impact gains, and learn more about IGCS and our commitment to women’s health globally, please contact IGCS CEO, Mary Eiken RN, MS by email at mary.eiken@igcs.org or by mobile at 1 (630) 631-8125.

Uniting the Globe in the Fight Against Gynecologic Cancer
