

BUILDING RESILIENT SYSTEMS TOWARDS CERVICAL CANCER ELIMINATION

A 3-Part Webinar Series

HPV Screening & Linkage to Care: The Drivers of Impact for Today's Generation of Women

July 8 | 1:00 - 2:00 PM ET

Marion Saville

Professor, anatomic pathologist and Executive Director at the Australian Centre for the Prevention of Cervical Cancer

Gina Ogilvie

Research Chair in Global Control of HPV related diseases and prevention. Senior Public Health Scientist at BC Centre for Disease Control and Senior Research Advisor at the BC Women's Hospital and Health Centre

Julie Torode

Moderator & ACCESS Chair

Jane Montealegre

Ass. Professor, Department of Behavioral Science, The University of Texas MD Anderson Cancer Center, Houston and adjunct Ass. Professor, Department of Pediatrics, Baylor College of Medicine, Houston, Texas

Isabel Scarinci

Behavioral scientist and Senior Advisor for Global Cancer at The University of Alabama at Birmingham, Heersink School of Medicine and the O'Neal Cancer Center

Heather Brandt, PhD

St. Jude & ACCESS Chair

The second webinar in the three-part series, Building Resilient Systems Towards Cervical Cancer Elimination, will focus on HPV screening and linkage to care as a critical pillar of the World Health Organization global strategy. This session will explore transition to high performance HPV-based screening, implementation of self-collection strategies, and innovations to reach under-screened and never-screened populations as well as current and emerging challenges as we look to maintaining high screening and treatment coverage in the decades to come.
